

Clarke County Sheriff's Office

Professionalism, Respect, Ethical Service

2012 Annual Report

MISSION STATEMENT

The mission of the Clarke County Sheriff's Office is to provide for a safe community through customer service based policing. We will strive to achieve this mission through Professionalism, Respect, and Ethical Service.

2012 ACCOMPLISHMENTS

The Clarke County Sheriff's Office spent a great deal of 2012 committing resources to training needs. The office led a group that conducted a large scale table top exercise, involving several emergency services. We graduated a deputy from the prestigious Virginia Forensic Science Academy, as well as several other schools. Staff began the process of forming a search and rescue program with several surrounding jurisdictions, and supported the leadership training program at our academy. All of these accomplishments were made while reducing the number of actual man hours expended, as our office deals with the budgetary issues affecting government agencies.

This office continued its efforts to maximize the use of technology, implementing programs that reduced "paper flow", while increasing efficiency. We purchased a new 911 telephone system, and began the process of its implementation. A new emergency notification system was implemented as well, and has been utilized on several occasions.

2013 GOALS

The year 2013 will be a year to complete several on-going projects. The final phase of the office renovation is slated for completion, as well as radio system and telephone system upgrades. Several of these projects have already exceeded the anticipated implementation dates, and will be brought to conclusion.

Technology will be among the projects, with security upgrades to existing systems slated for completion. Our training requirements will be simplified as we implement an on-line training program, and purchase and train with several new weapons systems.

These goals are established with a constant analysis of the needs of our office to fulfill its very important mission – protect the citizens of our county.
